Affiliations : Association of South African Professional Archaeologists (ASAPA)
Cultural Resources Management (CRM) Accredited Archaeologist;
Special analysis: Human skeletal analysis laboratory specialist
Amafa KwaZulu-Natali General Heritage Specialist

Current Occupation

February 2015 to date: Managing Director, Vungandze Projects cc

Education Background

1.1. 2005-2006:

Qualification : Senior Certificate with Exemption
Subjects Passed : IsiZulu, English, Mathematics, Physical Science, Biology, Geography
Institution : St Martin de Porres High School

1.2. 2007-2009:

Degree: Bachelor of Arts in Humanities

Major courses: Archaeology & Anthropology

Auxiliary courses: Psychology, Sociology, African Languages & South African Sign Language.

Highlights:

In 2007 we visited the Sterkfontein Cave under supervision of Dr. Kathleen Kuman, Senior Lecture, Wits University. 2008 we went on a field trip to the Maluti Mountains where we were exposed to San Rock art under the supervision of Prof. Benjamin Smith. We visited the Christmas Shelter, Game Pass Shelter and Giant's Castle. 2009 we went on another field trip to Mapungubwe under the supervision of Prof. Thomas Huffman. We visited sites such as K2 and Schroda. We learned how to identify pottery of different time periods, rainmaking sites and generally how to conduct an archaeological survey with reference to Iron Age. I was given the opportunity of being a tour guide at the Origin Centre, and also assisted Dr Cathrine Nomono in creating boxes which served to store archaeological materials collected on site. During my undergraduate degree I was awarded certificates of first class in Anthropology and South African Sign Languages. In addition I was also awarded a certificate outstanding achievement in South African Sign Language by Sunnyside Residence.

Institution: University of the Witwatersrand, Johannesburg South Africa.

1.3. 2010

Honours thesis title: Improving the accuracy and reliability of the frontal sinuses method using 3D CT Scan.

Course work: Physical Anthropology, Medical Biostatistics, Applied Research Methods, Human Osteology (I)

Fieldwork/practical:

- Exhumation of PAC members at the Rebecca Cemetery- 24 February 2010 with Coen Nienaber (Principal Investigator)
- Assist in analysis of forensic cases with Dr E. Labbé and Prof. M Steyn.
- Surveying and mapping at the Mafikeng concentration camp with Coen Nienaber.
- Assisting in undergraduate practicals.

Degree: Bachelor of Science Honours in Physical Anthropology

Institution: University of Pretoria, South Africa.

Supervisor: Dr Ericka Labbé.

1.4. 2011

Honours thesis title: Cultural and chronological context of thin ware pottery at Holkrans, Northwest Province.

Course work: Archaeological theory, fieldwork,

Fieldwork/practical:

I was awarded a bursary by the National Research Foundation (NRF). I also worked as an assistant researcher under the supervision of Prof Karim Sadr. We conducted several site surveys under the supervision of Prof Karim Sadr, Dr Amanda Esterhysen Prof. Benjamin Smith and Dr Alex Schoeman. This included excavation at Holkrans BK1 Cave, Northwest Province where we found archaeological materials such as stone tools and potsherds; analyses of ceramics such as porcelain; analyses of engraved rock art and survey of terraces in Lydenburg, Mpumalanga Province and; excavation at Komati Gorge, Mpumalanga Province where we found pottery.
